Spotlight Lumens

- Deep reflector spotlight-4604
- Single switch control
- Long run-times

The NSP-4600 headlamps are very small in size but very big in light output. Extremely light weight with long run-times. They are the perfect hands-free lighting solution whether worn on your head or mounted on a hard-hat. Both headlamps incorporate the Nightstick exclusive Dual-Light functionality that combines a broad-beam floodlight and a focused spotlight beam.
