Duty/Personal-Size Dual-Light w/ Magnet Rechargeable - Multi-Function

**METAL
HOUSING**

This Xtreme Lumens rechargeable metal multi-function duty/personal-size dual-light uses a CREE® LED rated at 650 lumens that works in conjunction with a high-efficiency deep parabolic reflector to create a usable beam rated at 275 meters. A 600 lumens unfocused floodlight is integrated in to the housing which is perfect for close-up illumination. Additionally both the flashlight and the floodlight can be turned on at the same time for maximum safety and versatility. The flashlight body switch provides momentary or constant-on functionality, a set of user-selectable high, medium or low-brightness settings as well as a disorienting strobe. The second body switch operates the floodlight. The powerful magnet built into the tail-cap provides for hands-free use. The housing, tail-cap and the bezel have a Type 3 hard anodized finish. Power comes from a rechargeable Lithium-ion battery.
