

**TAC-300B-K01**

**Tactical Long Gun Light Kit – Non-Rechargeable**

**MARKET APPLICATIONS**

Law enforcement, security, hunting/recreation.

**DESCRIPTION**

The Nightstick Tactical Long Gun Light Kit provides everything necessary to add a high-power tactical light to any long gun that has a Picatinny or Weaver rail. At the heart of the kit is the Nightstick TAC-300B polymer tactical light rated at 180 lumens. Combined with a high-efficiency deep parabolic reflector, the beam on the TAC-300B is distance rated at 190 meters...perfect for long-distance target acquisitions. With a wide secondary halo of light, the TAC-300B is equally effective in CQB situations. When paired with the included Remote Pressure Switch, the TAC-300B becomes the perfect addition to the weapon. With its momentary on/off design, the Remote Pressure Switch assures the operator of complete control over the full power of the light. The light is made from a glass-filled nylon polymer. The kit includes the TAC-300B tactical light, the standard tail switch with momentary or constant-on functionality, the removable pocket clip, the Remote Pressure Switch, the Quad Lock Mount, the self-adhesive Velcro strip, an alcohol pad for surface prep and two CR-123 Lithium Batteries.

**CASE MATERIAL**

Glass-filled Nylon Polymer - Black

**DIMENSIONS**

Length: 5.5 inches w/RPS (140 mm) • Handle diameter: 1.035 inches (26 mm) • Head diameter: 1.25 inches (32 mm)

**WEIGHT**

Weight: 6.3 oz. (179 g) with RPS & batteries installed.

**LENS**

Unbreakable polycarbonate with scratch resistant coating.

**LIGHT SOURCE**

Cree® LED. Impervious to shock with a 50,000 hour lifetime.

**LIGHT OUTPUT**

Flashlight - 180 lumens

**ON/OFF**

Single Tail Cap Switch - Momentary or Constant-on Flashlight - Remote Pressure Switch - Momentary On/Off

**RUN-TIME**

Flashlight - 3 hours

**BATTERY**

2 CR-123 Lithium Batteries (included)

**FEATURES**

- CREE® LED technology – 50,000+ hours LED
- Momentary or constant-on flashlight
- Sharp focused flashlight beam
- High-efficiency deep parabolic reflector
- Effective beam distance of 190 meters (over 623 feet)
- Glass-filled nylon polymer housing
- Aircraft-grade 6061-T6 aluminum tail-cap and remote pressure switch with type 3 hard anodized finish
- 1" Handle diameter to fit included mount
- 1.25" Head diameter accepts 3rd party filters
- Quad Lock 1" Mount fits mil spec Picatinny or Weaver rail (includes hex wrench)
- Remote pressure switch with momentary or constant-on function
- Waterproof
- Hardened design to withstand weapon recoil
- Chemical resistant
- Includes momentary or constant-on tail switch and removable pocket clip so the light can be used as a conventional tactical light as well
- Powered by two CR-123 batteries (included)

**WARRANTY**

Limited Lifetime Warranty • Includes the LEDs, housing and lenses. Rechargeable batteries, chargers, switches, electronics and included accessories are warranted for a period of two years with proof of purchase. Disposable, non-rechargeable batteries are excluded from this warranty. Normal wear and failures which are caused by accidents, misuse, abuse, faulty installation and lightning damage are also excluded.

**APPROVALS**

Designed in USA, manufactured in China at a ISO-9001 certified Bayco facility.
