## Emergency Area Light

### Rechargeable

Floodlight

Strobe

The NSR-2124 Emergency Area Light, is an all LED, hands-free floodlight. This rechargeable work light has an adjustable cradle with a pair of spring-loaded, foam-covered grippers that will extend 48"-77" to attach to a large variety of surfaces and can be rotated 360 degrees. The 2124 has dual on/off buttons, one located on each of the two handles. One press of either button turns on a 650 lumen floodlight, a second press activates an alternating red and blue floodlight and then a third press, turns the light off. The light bar can easily be removed from the cradle and the rotating magnetic handles can be attached to virtually any metal surface. The handle also has an integrated recessed hook that can swivel 360 degrees making it possible to hang the light bar up. Both AC & DC Power Supplies/Chargers are included and can be used to power the 2124 during use.

# 650 Lumens

- Two brightness modes - white floodlight & alternating red/blue strobe
- Dual spring-loaded grippers with 48"-77" capacity built into the cradle
- Light bar can be rotated 360 degrees in the cradle or removed all together
