

Adjustable Beam Flashlight

1 AA

Flashlight

115 Lumens

- 3 hour run-time
- Momentary or constant-on
- Aircraft-grade 6061-T6 aluminum housing
- 1 AA battery (included)

The NSP-410 Adjustable Beam Flashlight uses an LED rated at 115 lumens that works in conjunction with a TIR lens to create a usable beam distance of 72 meters. This compact flashlight features both momentary and constant-on functionality and has a rotating bezel ring that allows the user to adjust the focus of the beam. The housing and tail-cap are made from aircraft-grade 6061-T6 aluminum and have a Type III hard anodized finish. Power comes from a single AA battery (included).
